

WATER CONFLICT MANAGEMENT

Master in Solidarity and Sustainable Transition
Faculty of Social Sciences, Economics and Law

Course information

Master Year 2 18 HOURS
Fall Semester 5 ECTS
Seminar
Professors: Evelyne LYONS and Dominique FOUGEIROL

Course description

The aim is to enable students to:

Understand the challenges of sustainable development from a real case of water resources management;

Understand how stakeholders behave when negotiating a compromise solution to a sustainable development issue;

To test their negotiation/facilitation skills in a concrete situation simulating reality;

Use and strengthen their English language skills.

Role-playing pedagogy. Case study of the East Nile River development.
